 2 Something about programs

- Couldn't find info about which workshops were being offered before arriving at YM. Such info might influence attendance.

 1 Other

- Motivate, encourage, SWIMMING.

What did you like best about this year's SCYM?

- Non-structured time.
- Many mentioned fellowship, seeing like-minded people, getting reacquainted, etc.
- Many mentioned the keynote speaker and the subject of the keynote.
- Many mentioned the natural setting of Greene Family Camp and the peacefulness of being away from roads, cars and noise.
- Some mention of workshops offered.
- A few mentioned valuing the home groups.

- A few mentioned things like the camp fire, music and puzzles.
- A few mentions of Quaker Variety hour.
- Several positive comments on the quality of food, especially the vegetarian offerings.
- Several mentions of “a relaxed pace.”
- A mention of the passion reading.

What could the YM Planning Committee do to improve the experience for the entire community?

- Communicate to fill voids if someone can't come & serve on a committee.
- Someone create a story-like explanation of issues addressed in YM business meetings, so one could catch up with reading meeting notes – like cliff notes linked to the YM minute details.
- Didn't value Quaker Variety Hour.
- Too many things offered to participate in everything of interest.
- Make more free time available.
- Have the camp improve furnishings and maintenance.
- Some Friends didn't like announcements being posted on the TV's instead of being read. Others didn't like oral announcements.
- Add singing to the printed program and offer it both Friday and Saturday.
